About Us

To our neighbours, families, friends & visitors, a very warm welcome to Cuerden Valley Park!

The Café in which you now stand (or sit!) is located within our unique visitor centre. The building is the first within the UK to be designed and built to the rigorous sustainability and efficiency standards of the 'Living Building Challenge'.

A design which connects people to light, food & nature while having a minimal impact on the planet.

We believe the choices we make have a direct and powerful impact on our health and environment. We therefore pride ourselves on offering a creative menu based on a simple ethos of provenance, seasonality and enjoyment of everything we sell in a healthy and beautiful environment.

Cuerden Valley Park is a registered charity (#1002888) and we are proud that every penny of profit made within the cafe helps maintain and secure the park for future generations.

Thank you for helping to support us with your visit today.
